Greyhill Bridge

Dear Resident

What: Road closure to compete the works to strengthen Greyhill bridge
Where: Wainlode Lane, Apperley – see overleaf for details of the exact location
When: Road closure from 6th to 17th September – 0730 to 1630 (excl. the weekend)

We are writing to make you aware of upcoming road closure to complete the works on Greyhill bridge. You might be aware that on our last visit we had to suspend the works due to high water levels and for the same reason we couldn't start the works in June.

To ensure the safety of road users and our workforce, it will be necessary for us to **close the road to through traffic** because of size of machinery that will be used. Overleaf is a map showing the extents of the road closure and diversion route.

Access to pedestrians and cyclists will be maintained throughout and the road will be open outside our working hours.

When the work starts, you will be able to speak directly with the construction team, who will keep you updated with progress on the works in order to minimise any disruption to you.

We would like to take this opportunity to thank you in advance for your co-operation.

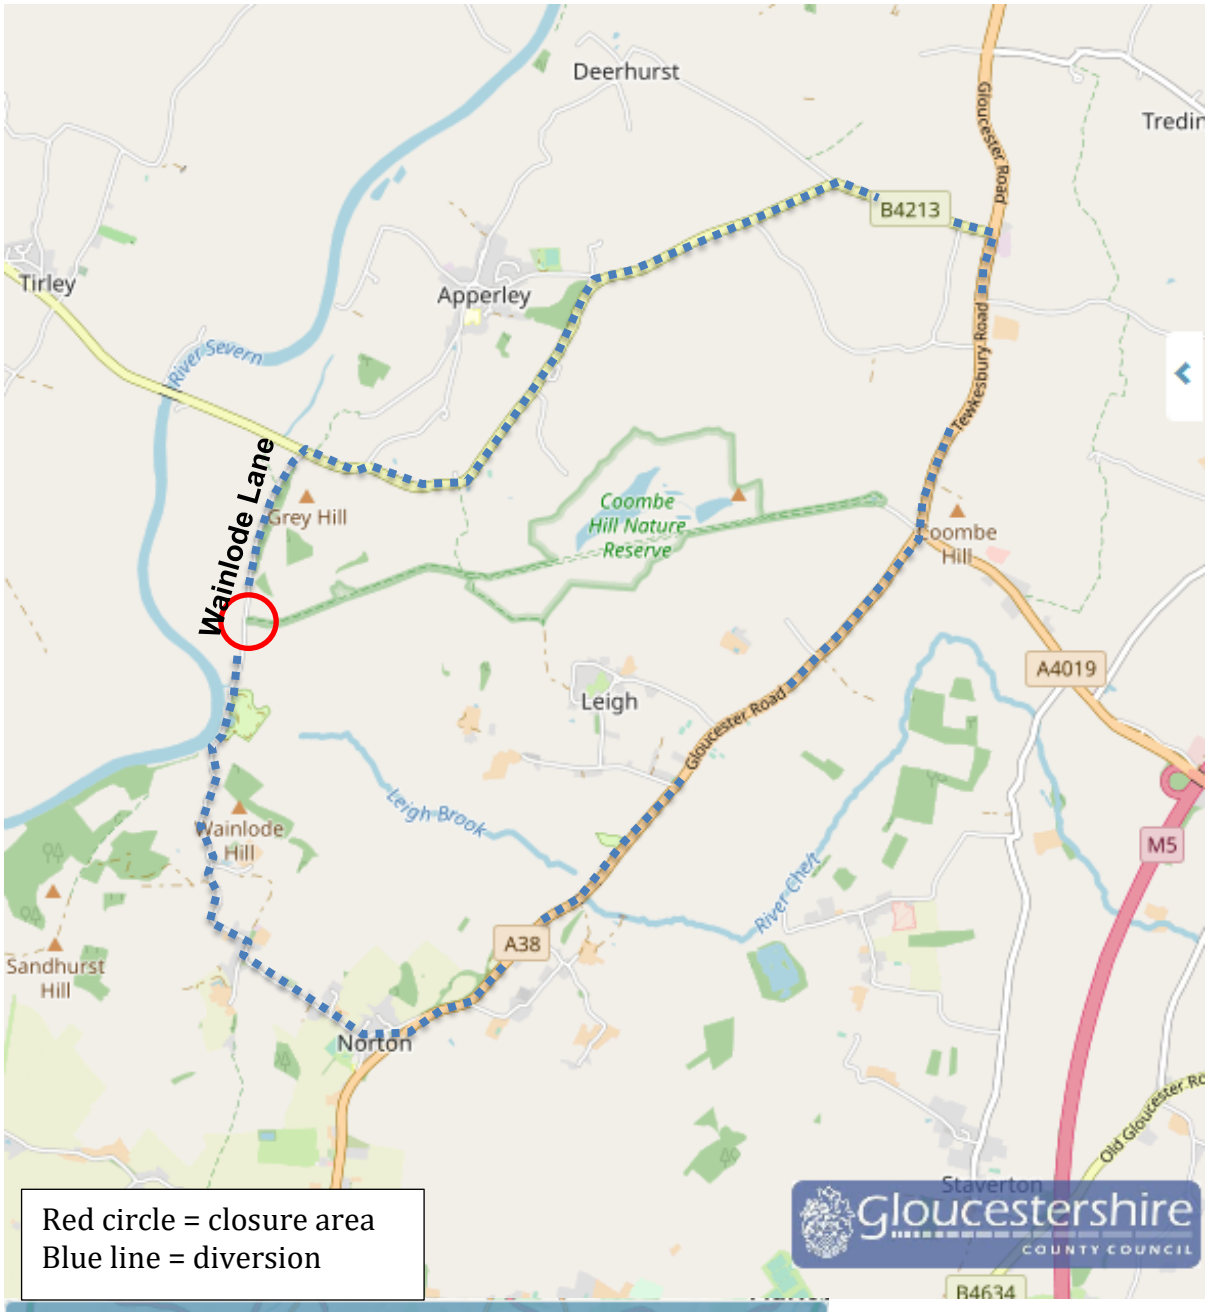

Yours faithfully

Anthony Mander
Supervisor, for and on behalf of Ringway
